SCALA MEDIA PLAYER-DX

The Scala Media Player-DX is a dual 4K output digital media player that delivers enterprise performance and seamless playback of 4K content. Designed and developed by Scala's engineering team, the media player works seamlessly with Scala's digital signage software, matching powerful, stable performance with turnkey simplicity.

An optimized architecture ensures high quality performance throughout its entire lifetime. System hardening minimizes vulnerabilities and delivers robust system security. The media player's fanless design keeps it protected from dust and debris, ideal for any digital signage solution in any environment.
